## Who We Are

**Examinetics** is the nation's largest provider of onsite occupational health screening and data management services. Our fleet of over 75 mobile units provides our clients with flexibility nationwide, consistent application of protocols and easy consolidation of all data.

We serve over 2,000 clients at more than 8,000 locations.

We employ over 225 people, including in-house audiologists and other occupational health specialists.

At Examinetics we are totally focused on client service. Above all, we never forget that we exist to make our clients' lives easier.

## Our Services

**Examinetics** offers a wide range of occupational health screening, compliance and wellness programs, specifically designed to reduce the ever-increasing burden of regulation and legislation.

Through the experienced application of each of these services, we are committed to meeting all your needs and exceeding your expectations.
